

FRIENDS OF WEST HUNSBURY PARKS

Activity Challenges in West Hunsbury Parks for Summer 2020.

7. See if you can find examples of the following trees in West Hunsbury Parks: ash, beech, horse chestnut, sweet chestnut, lime, holly, holly-oak, walnut. We have given you some example photos below.

Can you find some tree species that we have not named ?

Try to find out which are native trees, and which are introduced to this country as 'ornamental' trees.

If you can, take some photographs of the trees and let us know how you get on.

Ash

Oak

Horse Chestnut

Cherry

Pine

Holly

Holly-oak

Sycamore

Blackthorn

Hawthorn
